ABOUT

I am an aspiring coder with over 7 years of programming experience with a penchant for design and function. I am passionate about enhancing user experiences as well as making a difference in the world. Through code, I am able to express my intellectual side as I continue to positively impact the lives of others.

WORK EXPERIENCE

CO-FOUNDER & SENIOR WEB DEVELOPER

Vitaedev | Mar 2016 - Mar 2018

- Student-run organization, created websites for community organizations in need for one free of charge
